

MIRCE Akademy 2014 Public Lectures Winter Series¹

Collin Chapman Room, Woodbury Park, Exeter, EX5 1JJ

Monte Carlo Legends

The Monte Carlo Experimental Method - Wednesday 26th March, 2014, 7-8.3 pm

The most powerful mathematical method, from the quantum mechanics to risk assessment and biology, for which previous knowledge of mathematics is not needed! The beauty and benefit of this remarkable mathematical method that enabled many mathematically non-solvable formulations of existing physical systems to be solved. This is 90 minutes of pure mathematical pleasure for all of those who never even dreamed that they will ever have to do anything with mathematics.

Individual Tickets are £10.00 per person per Lecture, which includes welcome coffee/tea and biscuits
Family Tickets are £25.00 for parents and kids per Lecture, which includes coffee/tea juice and biscuits
Discounts: £25.00 per person for all three Lectures and £60.00 per family for all three Lectures.
For group discounts please contact us on **01395 233 856** or by email: quest@mirceakademy.com

Dr Jezdimir Knezevic, the presenter is the “father” of the Mirce Mechanics and the Founder and President of the MIRCE Akademy, at Woodbury Park. His multi disciplinary theoretical knowledge, huge industrial experience and an endless passion for the subject have attracted over 6000 engineers, managers, analysts and students to his courses and educational programmes in over 40 countries in Europe, Asia, Africa, North and South America and Australia, at universities, professional institutions, industry and government.
